

China (shanghai) 2018 Machine Vision Technology & Application Conference

Topic: Machine vision&Artificial Intelligence

Time: March 14-15, 2018

Address: Shanghai New International Expo Centre Hall W5

Sponsors :

China Society of Image and Graphics (CSIG)

China Machine Vision Industry Union (CMVU)

Organizers :

Machine Vision Industry Union of ZGC (ZGCMVU)

Messe Muenchen Shanghai Co., Ltd.

Overseas Supporters :

Automated Imaging Association (AIA)

European Machine Vision Association (EMVA)

Japan Industrial Imaging Association (JIIA)

VDMA Machine Vision

Conference Agenda

Academic exchange		
3/14/2018	Topic	Speaker
9:30 - 10:10	Kyoto Robotics and Japan's 3D robotic vision and intelligent robot	Ritsumeikan University Dr.Xu Gang Kyoto Robotics Corporation CEO
10:10 - 10:40	Programming-free machine vision software CKVISIONBUILDER V3.0's practical applications in 2D and 3D vision	CK Vision Machine Vision Technology.,Ltd Mrs.Sara.Mei , General Manager Assistant
10:40 - 11:10	Latest Gocator 3D Smart Sensor Product Introduction And Typical Application Cases	LMI Technologies Inc. Mr. Michael Chen Regional Development Manager, APAC
11:10 - 11:40	NEW ENSENSE 3D CAMERA, MORE NEW SOLUTIONS!	Pixoel Technology Co., Ltd. Ms.Lihua Sun , Product Manager
11:40 - 12:10	Embedded and Edge Computing Systems for Vision Application	FLIR Systems, Inc. Mr.Brian Feng , China sales manager

12:10 - 12:20	Lucky Draw	
12:20 - 13:00	Lunch break and visit the exhibition	
13:00 - 13:30	Introducing the World's Highest Resolution Area Scan Camera and Color TDI Line Scan Camera	Vieworks Co., Ltd. Mr.Vince Ying Regional Technical Sales Manager
13:30 - 14:00	3D - Scanning and Multispectral imaging/two new technologies in growing markets	Chromasens GmbH - Lakesight Group Mr.Markus Schnitzlein , CEO
14:00 - 14:30	The application of global shutter CMOS image sensor in machine vision	Gpixel Inc. Mr.Xinyang Wang , Founder&CEO
14:30 - 15:00	Think with innovation, serve with heart. Just online, to ask for a lighting sample for evaluation.	Vanch Technology Co.,Ltd Mr.Hennry , General Manager
15:00 - 15:30	Teledyne e2v New Generation 2D CMOS Technology	Teledyne e2v Mr.Kent Zhang Senior Business Development Manager
15:30 - 16:00	The Application of Artificial Intelligence As An Significant Composition in Defect Detection	SUALAB Co., Ltd. Mr.Han Xu , China Regional Director
16:00 - 16:30	Optimize Your Smart Factory with Basler Components	Basler Mr.Scott Liu Key Account Manager ,Team Leader(China)
16:30 - 16:40	Lucky Draw	

Application case and product technical		
3/15/2018	Topic	Speaker
9:30 - 10:00	Artificial Intelligence...New Weapon in the Arsenal of Traditional Machine Vision Solutions	Matrox Mrs.Xu Chen Asia Pacific Regional Sales Manager
10:00 - 10:30	Advanced Technology and Applications in 3D Vision Inspection	Intelligent Eyes Automation Technology (Guangzhou) Co.,Ltd , Mr.Johnny Zhang Shanghai Office General Manager

10:30 - 11:00	Deep learning makes Haclon even more powerful	MVTec Software GmbH Dr.Olaf Munkelt , Managing Director
11:00 - 11:30	Teledyne e2v Innovative Multiple 3D CMOS Technologies for Different Application: Laser Triangulation and Time-of-Flight	Teledyne e2v Mrs.Tracy Dai , Asia Marketing Manager
11:30 - 12:00	DALSA line scan camera , the latest applications and programs	Teledyne DALSA China Mrs.Michelle Ye Product area manager of OEM
12:10 - 12:20	Lucky Draw	
12:20 - 13:15	Lunch break and visit the exhibition	
13:15 - 13:30	Integrating Adimec cameras into Vision equipment for in-line Inspection	Adimec Electronic Imaging Pte Ltd Mr Joost Van Kuijk , Chief Marketing Officer
13:30 - 14:00	High-Speed and High-Resolution Smart Camera	Mikrotron GmbH – Lakesight Group Mr.Markus Schnitzlein , CEO
14:00 - 14:30	industry 4.0 and machine vision	Shanghai Betterway Automation Technology Co. , Ltd Mr.Harvey , sales director
14:30 - 15:00	formation of high quality industrial lens and the elements of lens selection	OPT MACHINE VISION TECH CO,LTD Mr.Jiaqi Li , product manager
15:00 - 15:30	Recognition and understanding of machine vision based on 3D data	Beijing Clemage Machine Vision Technology Co., Ltd. Mr.Cao Liang , General manager
15:30 - 16:00	Precise intelligent vision inspection technology and application.	Nanjing optics robot technology Co. LTD Mr. Kinger chen , CEO
16:00 - 16:30	Artificial intelligence - make it easy to solve complicated machine vision problems	Beijing Microview Science and Technology Co.,Ltd. Mr.Bill Ouyang , Vice-General Manager
16:30 - 17:00	High-performance visual intelligence imaging system to help industrial automation	LUSTER LigthTech Group Mr.Huang Meng , Application Development Minister
17:00 - 17:10	Lucky Draw
